BIOCOTE® THE FACTS: THE FEATURES AND BENEFITS OF BIOCOTE®

How well does BioCote® work?

BioCote® antimicrobial technology is effective against many microbes including: *Staphylococcus aureus*, *E. coli*, *Salmonella*, *Listeria*, *Legionella*, *Campylobacter*, *Pseudomonas*, *Shigella*, H1N1 virus and *Aspergillus Niger*.

BioCote® **reduces the presence of microbes** on a protected product by up to 99.99%

BioCote® acts fast and can reduce the number of bacteria on a protected product by up to

86% in 15 minutes and
99.5% in just 2 hours.

BioCote® is permanent and provides **built-in protection** for the expected lifetime of your product.

BioCote® provides **continuous, around-the-clock protection** against microbial colonisation.

BioCote® additives or products containing them **do not cause antibiotic resistant bacteria.**

WHY SHOULD YOUR CUSTOMER CARE?

BIOCOTE® MAKES YOUR PRODUCT MORE HYGIENIC

Your product will not host microbes with the potential to negatively impact users, the environment or product performance.

YOUR PRODUCT IS EASIER TO KEEP HYGIENICALLY CLEAN

BioCote® technology is built-in and complements existing cleaning practices.

BIOCOTE® KEEPS YOUR PRODUCT FRESHER FOR LONGER

By preventing the growth of microbes that cause bad odours or stains.

BIOCOTE® REDUCES THE POTENTIAL FOR CROSS-CONTAMINATION

A more hygienic product means less microbes to transfer to users or other products in the same environment.

BIOCOTE® EXTENDS THE USABLE LIFETIME OF A PRODUCT

By reducing the growth of microbes that can cause material degradation, BioCote® helps ensure your product's long-term performance.
